

# K-GRIP™ 707 product data sheet

## headliner & trim spray adhesive

### description:

Great for demanding applications, K-GRIP 707 is especially formulated to bond substrates that require either high bond strength and/or need high temperature resistance. Also has excellent green strength and water resistance. Comes with a 3 way adjustable tip that allows varied spray volume.

### benefits

- fast tack
- high strength
- heat resistance
- lace pattern
- water resistant
- replaces 3M 90

### specifications

- solvent hexane, acetone, cyclohexane, toluene
- base synthetic polymers and resins
- solids 21% ± 2%
- color clear
- heat resistance 160°F
- flammability extremely flammable until solvents have evaporated
- bonding time 1 minute to 20 minutes
- resistance (oxidation, moisture) excellent
- clean-up K-GRIP 710
- container size 13 oz (net)
- shelf life 1 year from manufacture

### handling

- store away from direct sunlight
- maintain temperature below 120°F
- do not puncture
- do not incinerate
- do not discard in compactor
- store away from: heat, sparks, flames and sources of static discharge

### applications

#### automotive / marine

- headliners, carpeting, trim work, door panels, insulation

#### cabinetry / furniture

- decorative laminates (not for use with unsupported vinyl)

NOTICE TO PURCHASER: The information, data and suggestions for use of the materials given here are based on our best experience and knowledge, but we do not guarantee the results to be obtained in customers processes. The products discussed are sold without any warranty regarding merchantability or fitness for a particular purpose or any other warranty express or implied. Before using, user shall determine the suitability of the product for his intended use, and user assumes all risk and liability whatsoever in connection therewith. Neither seller nor manufacturer shall be liable for any injury, loss or damage, direct or consequential arising out of the use of or the inability to use the product. Seller's and manufacturer's only obligation shall be to replace such quantity of the product proved to be defective. Since the seller of the product described in this technical data sheet has no means of controlling the final use of the product by the consumer or user, it is the responsibility of the immediate purchaser to inform the user of the purposes for which the product may be fit and suitable, and of the properties of the product including the precautionary measures which must be taken in order to insure the safety of the user and of other third persons and property.
